

International Symposium on Geosite Management

PROGRAMME OF THE ORAL AND POSTER SESSIONS International Conference « Managing Geosites in Protected Areas » ISGM 2011 – 7th/10th September – Savoie-Mt Blanc

DAY	Chairman	TIME	PROGRAMME OF THE ORAL AND POSTER PRESENTATIONS	
Wednesday 07 Sept			<p><i>Oral presentation: 15 mn + 5 mn questions</i> <i>Poster: 5 mn + 5 mn questions</i></p>	
	Emmanuel Reynard	10h - 11h	Opening conferences (<i>Mountain Pole Amphitheater</i>):	
University of Savoie		10h-10h30	- Panizza M., Piacente S.: <i>Planning the Dolomites: from the concept of Geomorphodiversity to an open cultural approach.</i>	
		10h30-11h	- De Wever P., Cornée A., Egoroff G.: <i>Geoheritage in France: from inventory to geotourism.</i>	
Scientific campus Le Bourget du Lac	Dominique Sellier	11h - 12h	Session 1: <i>Geosites in protected areas: Which development and for which public? (part 1)</i>	
			Oral presentations (<i>Mountain Pole Amphitheater</i>)	
		11h-11h20	- Brilha J., Pereira P., Pereira D.: <i>Assessment of geological heritage: scientific value and vulnerability of geosites with national relevance in Portugal.</i>	
		11h20 - 11h40	- Giusti C., Joyeux O., Toquet E.: <i>Geotope, Geofacies and Geosystem: how to introduce people to geomorphological landscapes through geomorphosites? The Aiguilles Rouges National Nature Reserve, Chamonix – Mont-Blanc (Haute-Savoie, France).</i>	
		11h40-12h	- Kubalikova L., Kirchner K.: <i>Geoconservation in the Czech Republic and geomorphosite assessment for the geotourism and geoeducation purposes: a case study from Podyjí National Park.</i>	
		12h13h30	Lunch (<i>Room 110 Mountain Pole</i>)	
		13h30-15h25	Session 1: <i>Geosites in protected areas: Which development and for which public? (part 2)</i>	
		Heidi Megerle	13h30-13h50	Oral presentations (<i>Mountain Pole Amphitheater</i>)
			13h50-14h10	- Martin J.P.: <i>Integrating the geoheritage to the local development strategy of the Bauges Regional Nature Park, France.</i>
			14h10-14h30	- Migon P., Knapic R.: <i>Geosite designation and geotourism development in the Karkonosze National Park (SW Poland).</i>
		14h30-14h50	- Pereira D., Pereira P., Cunha P.P., Brilha J.: <i>Assessment of geosites at national scale: inventory of the Iberian Massif Landscape and Fluvial Network (Portugal) framework.</i>	
		14h50-15h10	- Reynard E., Couterand S., Grangier L., Lambiel C., Maeder R., Maillard B., Martin S., Theler D.: <i>Assessment and promotion strategy of the geomorphological heritage in the Val d'Hérens Regional Park (Valais, Switzerland).</i>	
		15h10-15h30	- Unjah T., Leman M.S., Komoo I.: <i>Geosite selection for geotourism in Kilim karst geoforestpark (Malaysia).</i>	
			Discussion Session 1	
			Poster presentations (<i>Mountain Pole Hall</i>)	
		15h30-15h40	- Kozlik L.: <i>Geoheritage importance in Regional Nature Parks in the Jura Range.</i>	
		15h40-15h50	- Hoblea F., Cayla N., Guyomard A., Lansigu C., Le Berre E., Peisser C., Perret A., Renau P., Reynard E.: <i>Contribution of the Geoscientists to the application dossiers of two projects of European Geopark in the French Northern Alps (Chablais and Bauges massifs).</i>	

	15h50-16h10	Coffee Break (<i>Mountain Pole Hall</i>)
	16h10-18h	Session 2: <i>Digital tools for the inventory, protection and valorization of the geosites.</i>
Paulo Pereira		Oral presentations (<i>Mountain Pole Amphitheater</i>)
	16h10-16h30	- Cayla N.: New technologies applied to the management of geosites: an overview.
	16h30-16h50	- Bosson J.B., Reynard E.: Importance of geomorphological analysis for geomorphological heritage promotion in protected areas: the case of Contamines-Montjoie Natural Reserve (Mont-Blanc Massif, France).
	16h50-17h10	- Dahl R., Jurus A.: Geoheritage in Norway- New light through old windows.
	17h10-17h30	- Zanoletti E., Pirocchi A., Seno S., Spataro A.: SITINET – Census, networking and development of geological and archaeological sites.
		Poster presentations (<i>Mountain Pole Hall</i>)
	17h30-17h40	- Giordano E., Ghiraldi L., Perotti L., Giardino M.: Digital tools for collection and visualization of geoscientific data.
	17h40-17h50	- Martin S.: Interactive visual media for geomorphological heritage interpretation. Theoretical approach and examples.
	17h50-18h	Discussion Session 2
Thursday 08 Sept		<i>Oral presentation: 15 mn + 5 mn questions</i> <i>Poster: 5 mn + 5 mn questions</i>
	8h30-10h10	Session 3: <i>Geoheritage as a resource for local economic development</i>
Dorina Ilies		Oral presentations (<i>Eterlou Big Room, part 1</i>)
	8h30-8h50	- Gümüs E., Zouros N.: Earth heritage sites and sustainable local development: fossil forest – Turkey and Lesvos Petrified Forest – Greece.
	8h50-9h10	- Martin S.: Are people interested in geotourism? Survey on excursionists in the Swiss Alps.
	9h10-9h30	- Megerle H.: One decade of successful geosite management in the Northern Black Forest Nature Reserve – a long-term study on the spa town of Bad Herrenalb.
	9h30-9h50	- Pereira P., Pereira D., Brilha J.: Vulnerability of non-protected glacial geosites (Portugal).
« Eterlou »	9h50-10h10	- Rocha J., Brilha J., Henriques M.H.: Geosite assessment and management proposals of Cape Mondego Natural Monument (western Portugal).
(Bauges RNP)	10h10-10h40	Coffee-Break
	10h40-12h10	Session 3: <i>Geoheritage as a resource for local economic development (part 2)</i>
Christian Giusti		Oral presentations (<i>Eterlou Big Room</i>)
	10h40-11h	- De Broucker G., Antoine P., Lemaire D., Potie L., Lucas M.: The first Geofestival® in Beaufortain (French Alps).
	11h-11h20	- Peisser C., Renau P., Leberre E., Perrin F., Vaille C.: Calc'Ere, a local association living from the enhancement of the geoheritage in the Bauges Massif (France).
		Poster presentations (<i>Eterlou Big Room</i>)
	11h20-11h30	- Comanescu L., Nedelea A., Dobre R.: The inventory and capitalizing of geosites from protected areas from the hydrographic basin Casimcea (Romania) – A premise for local development.
	11h30-11h40	- González Amuchastegui M.J., Serrano Cañadas E., González Trueba J.J., González-García M.: Geomorphosites, a useful tool for environmental management in Natural Protected Areas: Valderejo natural park (Álava, The Basque Country, Spain).
	11h40-11h50	- Ilies D.C., Ilies A., Baias S.: Geotourist –map Baile Felix-1 May-Betfia (Bihor County, Romania).
	11h50-12h10	Discussion session 3

Friday 09 Sept

Oral presentation: 15 mn + 5 mn questions
Poster: 5 mn + 5 mn questions

Piotr
Migon

8h30-
10h10

Session 4: *The Geosites between natural and cultural heritage.*

Oral presentations (*Eterlou Big Room, part 1*)

8h30-8h50

- Ambert M., Guillot M.: Stakes in the preservation and in the valuation of the geomorphosite of Navacelles (Larzac, France).

8h50-9h10

- Almodaresi S.A., Remesht M.H.: Quaternary Lakes, as Iranian Civilization Landmarks.

9h10-9h30

- Biot V.: A cultural approach geosites: prehistoric caves.

9h30-9h50

- Comentale B.: Clay handcraft: an introducing key to geomorphology in western France.

9h50-

10h10

- Kozlik L., Reynard E.: Inventory and tourist promotion of cultural geomorphosites in the Trient, Eau Noire and Salanfe valleys (Switzerland).

« Eterlou »
(Bauges
RNP)

10h10-

10h40

Coffee-Break

10h40-

12h30

Session 4: *The Geosites between natural and cultural heritage.*

Oral presentations (*Eterlou Big Room, part 2*)

Martine
Ambert

10h40-11h

- Legal S., Balme C., Barrois M., Peressinotti D.: The ochre outcrop in the Parc naturel régional du Luberon (France): from industry to sustainable tourism.

11h-11h20

- Sellier D., Portal C.: Geomorphological heritage and geomorphosites selection in the Brière natural park (France): natural and cultural heritage.

Poster presentations (*Eterlou Big Room*)

11h20-

11h30

- Megerle H.: Tufa cascades and caves of the Swabian Alb – widely known natural monuments of previously seldom recognised cultural significance.

11h30-

11h50

- Pica A., Del Monte M., Fredi P.: Geotouristic itineraries in Lazio region (Italy): geomorphosites in the millenarian urban environment of Rome and in the natural environment of Emici Mountains.

11h50-

12h10

- Silva J.P., Rodrigues C.: Fluvial patterns and geodiversity of Xingu River – Brazilian Amazonic Region.

12h10-

12h30

- Trofimova E.: Natural park “Lena pillars” (Yakutia, Russia): between natural and cultural heritage.
